Skills Inventory

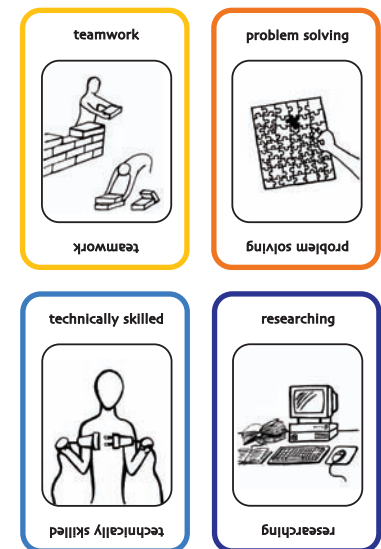

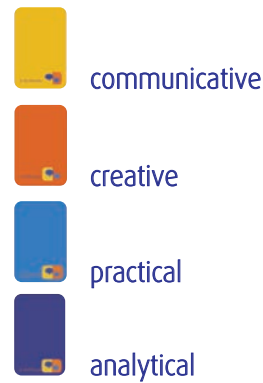

SkillCards[©]

Discover your strengths
Develop your potential
Set your goals

The card game is divided into 4 categories that include 64 key competencies represented in pictures

What are SkillCards?

An interactive skills inventory to help identify your strengths and evaluate your potential areas of development.

Goal of SkillCards:

The goal is to help individuals discover their strengths and talents and match their aspirations with their career plans.

To prepare themselves for a future career path, individuals will find out what they like doing, what they do well and what they really want from a job.

SkillCards allow you to:

- assess your own skills
- determine your career preferences
- set your own goals

SkillCards can be used for:

- Career counseling
- Career orientation
- Career development
- Job search
- Staff selection, recruiting
- Team building
- Performance management
- Talent management
- Mentoring
- Giving feedback

Benefits:

- Obtain clarity about career options
- Define preferred study/work field
- Match skills with individual aspirations
- Increase motivation and self-confidence
- Obtain immediate results
- Prepare for job interviews
- Optimize staff selection
- Enhance team processes
- Conduct performance reviews
